Lucas Cooke

Business Analyst | Systems Analyst | IT Analyst | IT Support | IT Consulting | Systems Administrator | MIS Student, Temple Fox (2027) | Seeking Internships, Fellowships & Entry-Level Roles
Philadelphia, Pennsylvania, United States

Summary

I'm a Management Information Systems (MIS) student at Temple University's Fox School of Business (BBA, May 2027), seeking internships, fellowships, apprenticeships, rotational programs, and entry-level roles as a Business Analyst, Systems Analyst, IT Analyst, IT Support Specialist, IT Consultant, or Systems Administrator.WHAT I'VE DONEAt RSM Diagnostics Lab, a HIPAA- and CLIA-regulated laboratory in Wilmington, DE, I worked on both sides of a business system.As a Systems Administrator Intern, I administered the Laboratory Information Management System (LIMS/KOLIMS): managed user accounts, permissions, and access controls, kept patient, laboratory, and financial records accurate, troubleshot access and record issues, and documented IT procedures and standard operating procedures (SOPs).As Partner Relations Coordinator and Account Manager, I built the client onboarding process where none existed, managed partner accounts, supported business development and sales, designed and built the lab's website, and created Google Apps Script and AI-assisted automations that cut manual administrative work in shipping, receiving, and specimen coordination.WHAT I BRINGSystems administration, user access management, technical support, technical documentation, process improvement, process automation, databases and spreadsheets, web development (HTML, CSS, JavaScript), client onboarding, account management, and clear communication with non-technical users.ROLES I'M TARGETINGBusiness analyst, systems analyst, IT analyst, IT support, help desk, IT operations, systems administrator, IT consultant, technology consulting, implementation analyst, customer success, project coordinator, and healthcare IT.ALSOMember, Association for Information Systems (AIS). Founder and team captain, Vanguard ETF Fall Trading Challenge. Dean's List, West Chester University (Fall 2024). Certifications: HIPAA Awareness, Bloomberg Market Concepts, Stukent Marketing Principles.Open

Experience

RSM Diagnostics Lab
Partner Relations Coordinator and Account Manager
May 2026 - August 2026 (4 months)
Wilmington, Delaware, United States

• Managed partner accounts and relationships for a HIPAA/CLIA-regulated diagnostics laboratory.
• Led marketing, outreach, partner engagement, business development, and sales-support efforts that drove new account acquisition and existing account growth.
• Designed and developed the full RSM Diagnostics Lab website (rsmdiagnosticslab.com), including website forms and materials in the Document Center.
• Established onboarding processes for new partner accounts, client practices, and facilities where none had previously existed.
• Built AI-assisted and Google Apps Script automations that reduced manual administrative work and supported shipping, receiving, outbound logistics, specimen coordination, and account operations.
• Continues on-call advisory support for partner accounts and related matters, as needed

Movie Tavern Inc.
Food Runner
June 2025 - August 2025 (3 months)
Exton, Pennsylvania, United States

Worked weekend and evening shifts at Movie Tavern part-time while completing full-time hours as a Systems Administrator Intern at RSM Diagnostics Lab (May–Aug 2025).

RSM Diagnostics Lab
System Administrator Intern
May 2025 - August 2025 (4 months)
Wilmington, Delaware, United States

• Administered the Laboratory Information Management System (LIMS), maintaining accurate patient, laboratory, and financial records.

• Managed user accounts, permissions, and system access in accordance with HIPAA and CLIA requirements, including access controls within KOLIMS.
• Documented IT procedures and standard operating procedures (SOPs) and built and maintained operational spreadsheets, databases, and tracking systems.
